**\$100,000 WINNERS**--Long time Grayling residents Larry and Lois Davis won the Michigan Lottery Cash 5 jackpot on New Year's Eve. The lucky numbers came on an 'easy-pick' ticket.

## Local residents win \$100,000

Some things are just meant to happen. Grayling resident Larry Davis Sr. usually only buys one "Cash 5" lottery ticket, but he recently decided to buy two.

It was a smart decision, or intuition, because on New Year's Eve, Davis won the \$100,000 top prize on the second ticket he purchased.

Davis, 53, works in sales at McLean's Ace Hardware in Grayling. He said he realized he was a "Cash 5" winner when he called a lottery retailer to get the winning numbers.

"I couldn't believe it," Davis said. "I showed the ticket to my wife and she couldn't believe it."

His wife, Lois, is a cook and teacher's aide at the Frederic Elementary School.

"I was dumbfounded," she said. "I was so excited I couldn't cry, sleep or do anything. I just couldn't believe it. I had just won a \$400 bingo jackpot the night before."

Davis said they plan to use their new found winnings to build a garage, pay bills and make investments, and Lois is going to Florida to see a friend she hasn't seen in 28 years.

"This comes at a very good time," he added.

Davis purchased his winning "easy pick" ticket at 7-Eleven in Grayling. He said he has been a regular Lottery player for the past 21 years.

The Michigan State Lottery awarded more than \$68 million in prizes during the 1992-1993 fiscal year.

In its 21st year of operation, Crawford County players won a total of \$720,045.

The Lottery reached an all-time statewide sales record in 1993 with sales soaring to over \$1.241 billion.

In Crawford County, Davis was among 659 Cash 5 winners who won a total of \$118,440.

Also in Crawford County:  
•744 Daily 3 game winners won a total of \$92,402.

•116 Daily 4 game winners won a total of \$36,849.

•2,210 Lotto winners won a total of \$86,175.

•2,277 KENO winners won a total of \$14,718.

•\$371,461 was won by players of various instant games.

## Abduction, exposure attempts investigated

Local police officials are investigating a rash of attempted child abductions and one situation in which a man exposed himself to a child.

According to Grayling City Police officers, On Monday, Jan. 10, at approximately 5:45 p.m., a man stopped his vehicle near a 9-year-old boy, rolled down his window and turned on his dome light exposing himself to the boy. He was reportedly not wearing pants. The boy ran from the vehicle and reported that the man laughed and drove away. The incident happened near the intersection of Ionia and Spruce Streets.

The car was described as an older, big "Cadillac-type" vehicle. The vehicle had a brown vinyl top and a yellowish, rusty body. The man was between 35-45 with brown hair, according to police reports.

In a similar investigation, the Grayling City Police Department

reported an apparent abduction attempt on Saturday, Jan. 1, at approximately 7:45 p.m., at the corner of Ottawa and Maple streets.

According to police, an adult male attempted to physically abduct a young boy. The boy was able to strike the assailant in the wrist with a hockey stick and run off.

Officers said this was the second occurrence of an abduction attempt within the same area by a man of the same description, and to a member of the same family within the last five weeks.

The man was described as a white male, 30-45 years old, with a thin to medium build, and wearing glasses, according to police.

The assailant was driving a big, older car (approximately 1977-1979), dark brown in color with a lighter colored vinyl top. The vehicle was

lower in the rear and had wire wheels and four doors.

City officers said the same man could be involved in both instances.

On Sunday, Jan. 9, at approximately 3:30 p.m., Crawford County Sheriff's deputies were called to a residence on Manistee River Road.

Sheriff Lovely stated that a man stopped two girls, ages five and six. When he ordered the 6-year-old into his vehicle the girls ran away and returned home to tell their family about what had taken place.

The man was described as a white male, approximately 60-years old and driving a white van with blue marks on the side. He was wearing a brown colored coat and had white, balding hair.

Sheriff Lovely is asking anyone with information on any of these situations to call the Crawford County Sheriff Department at 348-4616.

## CASD superintendent 'satisfied' with state school reform plan

By Terry Wright  
staff writer

After months of debate in the Michigan Legislature, a school finance reform package is finally in place. In fact, two reform packages are in place.

Michigan voters will have an opportunity to vote on the first plan March 15. If it fails, a separate plan will go into effect automatically. Each is designed to provide over \$10 billion in annual education revenues.

Both plans include a five-year phase in period that will gradually increase student grants in Michigan school districts until they reach the basic grant level. The \$5,000 level can change each year based on a formula of change in school aid fund revenues from the prior year and the change in number of students from the prior year.

Crawford-AuSable School District (CASD) Superintendent Kent Reynolds is optimistic about both plans.

"Our funding per student will increase the first year from \$3,775 to \$4,200," Reynolds said. "After categorical expenses are deducted we'll see an increase of about \$202 per student. That will allow us to add some programs."

Reynolds said the per student basic grant increase for the second year of either plan would be about \$387 more than the previous year. With a projected needs per student figure of \$800 above today's grant, Reynolds said programs that have to be implemented will be covered while others that CASD would like to implement can be done in priority order over several years.

Categorical expenses at CASD include staff retirement and social

security, and for the first time in many years, a budget deficit.

The main features of the ballot proposal include a sales tax increase from four percent to six percent, a decrease in real and property taxes to

6 mills and a .2 percent decrease in the state income tax rate.

"All in all, I'm satisfied with either plan," Reynolds said. "They're a heckuva lot better than what we have."

Here is a synopsis of each plan:

	Ballot plan	Statutory plan
<b>Basic school grant</b>	\$5,000 per student	\$5,000 per student
<b>Higher spending schools</b>	May levy millage if current spending exceeds \$6,500 per student.	May levy millage if current spending exceeds \$6,500 per student.
<b>Sales tax</b>	Increase from 4 to 6%.	No increase.
<b>Property tax</b>	6 mills on homesteads 24 mills on non-homesteads.	12 mills on homesteads 24 mills on non-homesteads.
<b>Income tax</b>	Decrease from 4.6% to 4.4%.	Increase from 4.6% to 6%.
<b>Single business tax</b>	No change.	Increase from 2.35% to 2.75%.
<b>Tobacco tax</b>	50 cent increase on cigarettes per pack. 16% of price of other tobacco products.	15 cent increase on cigarettes per pack. 16% of price of other tobacco products.
<b>Phone tax</b>	Interstate and international calls increase from 4% tax to 6% tax.	No change.
<b>Personal exemptions</b>	No change.	Increases to \$3,000 (\$3,900 for seniors).
<b>Homestead credit</b>	Adjusted for renters. 20% of rent will be considered property tax.	Adjusted for renters. 20% of rent will be considered prop. tax.
<b>Real estate transfer tax</b>	2% tax on property transfers.	1% tax on property transfers.
<b>Keno game</b>	Mi. Lottery Keno game in restaurants and bars.	No Keno game.

## Frederic Twp. holds public forum on ambulance intercept costs

By Terry Wright  
staff writer

An informational public forum has been scheduled at the Frederic Township Hall on Tuesday, Jan. 18, at 7 p.m. to discuss billing and funding procedures for township ambulance services.

Township Supervisor Brian Hulbert said township residents have questioned receiving ambulance service bills when the township recently passed two mills to pay for fire and ambulance service.

Hulbert said Frederic Township ambulance services are covered by the millage, but when there is an intercept by North Flight EMS, a separate bill is sent to the patient by North Flight.

Hulbert said North Flight intercepts become necessary, and are mandated by the Crawford County Medical Control Board, when medical conditions exist that Frederic

volunteers are not trained to handle.

"If we were to upgrade our volunteer ambulance crew and equipment to handle those situations, it would cost at least \$50,000 in training and equipment," Hulbert said. "And, we'd have to pay a full-time technician. It would no longer be a volunteer service."

Hulbert explained in situations that may necessitate the need for advanced life support, North Flight EMS is also dispatched, usually resulting in an intercept. A long list of those situations exists and includes possible heart attack, difficulty in breathing, stabbing or shooting, and motor vehicle accidents that involve head injuries or entrapment of victims.

Currently, the Frederic ambulance can run with only two people on board, although a crew of three is preferred. One of the crew must be a certified Emergency Medical Technician (EMT) and the other must be at least a

Medical First Responder (MFR).

One possible solution to paying the North Flight bills that Hulbert will present at the public forum, is to submit Frederic ambulance costs to medical insurance providers on every ambulance run. Between the millage and insurance payments, Hulbert said, all North Flight intercept services could probably be covered, even for those who do not have ambulance insurance coverage.

"We called all the townships in Crawford and Roscommon counties," Hulbert said. "Markey Township is the only one who does not submit ambulance services to insurance carriers. All the others do, even if they have millages. If we do it, we should be able to build a fund that would cover North Flight bills for everyone."

The Frederic Volunteer Fire Department and Ambulance Service is also under contract to provide services to Maple Forest Township.

## Commissioners move to resolve conflicts

At least one county commissioner has seemingly resolved a possible conflict of interest, as board members issued statements of disclosure during the Crawford County Board of Commissioners organizational meeting on Jan. 5.

Chairman Dennis Long had previously challenged board members, at the Dec. 15 meeting, to resolve any possible conflicts of interest. Long said these perceived conflicts do not have to be "illegal, immoral or unethical," but those which may give the appearance of conflicting interests.

During the Jan. 5 meeting, commissioners William Coy and Robert Smock Jr. both disclosed possible conflicts. Coy is under contract as an assessor for Lovells Township.

Smock is the director of New Life Community Services, which contracts with Community Correctional Services, Northern Michigan Substance Abuse Services and Probate Court Child Care. These were listed as possible conflicts due to state and federal funding for the programs, according to Smock.

During the meeting, Smock asked why commissioner Robert McLachlan did not make similar disclosure statements. McLachlan is the former owner of Milltown Refuse, which he sold to City Environmental Services Inc. of Waters (CESW) in February of 1992, and was retained by CESW as a consultant.

"Did you hear me announce anything?" McLachlan said in response to comments by Smock.

"I'm no longer a consultant or retained by City Environmental," he said later.

After the meeting, Long said McLachlan did formally inform him he had resolved what the board members may have considered a possible conflict of interest.

"Out of the men I highlighted (at the Dec. 15 meeting), McLachlan has resolved his possible conflicts," Long said. "McLachlan is the only one I focused on to do so."

During the meeting, commissioners elected their chairman and vice-chair. Long was the only board member nominated for chairman, and was re-elected by a unanimous vote.

There was not, however, a unanimous vote for vice-chair, a position that McLachlan held during

Dennis Long

Robert McLachlan

1993. Larry Mattis nominated McLachlan for vice-chair, with Smock nominating Coy.

McLachlan was re-elected to the position by a 4-2 vote, with Smock

and Coy voting for Coy.

The board will continue to meet every other Wednesday, 9:30 a.m. to noon. Meetings will begin again at 1 p.m., after a lunch break, if needed.

# County unemployment drops in 1993

By Terry Wright  
staff writer

Crawford County unemployment statistics through November show 1993 was a good year for the local work-force.

According to statistics provided by Dan Lopez, a Michigan Employment Security Commission (MESC) labor market analyst for the northern half of

Michigan's lower peninsula, Crawford County had a 6.8 percent average unemployment rate in 1993, down from an average rate of 7.5 percent in 1992.

January was the highest month of unemployment in Crawford County, according to Lopez, with 575 unemployed to 6,250 employed. August had the county's lowest unemployment rate with 375 unemployed and 7,425 employed.

Lopez said the service product industry showed the greatest employment gain in the county, starting the year at 3,450 employees, growing to 3,975 in July and closing out the year at 3,700 employees.

Compared to neighboring Ogemaw

County, which has about the same size labor force, Crawford County appears to be doing well with lower unemployment, but experiencing a slower growth rate.

Ogemaw County had an average 1992 unemployment rate of 12.3 percent. In 1993 that rate fell to 10.1 percent, a 2.2 percent decrease compared to a .7 percent decrease in Crawford County.

"All Northern Michigan counties, including Crawford County, are following a statewide trend," Lopez said.

"Michigan's work force is completing one of its strongest years in recent history," according to F. Robert Edwards, MESC Director.

Michigan's seasonally adjusted unemployment rate fell below the national rate four times in 1993 — February, March, April and August. It was even with the national rate twice, during January and September, Edwards said.

"It has been nearly 30 years since Michigan's unemployment rate has come close to matching what it did this year in comparison to the national rate," Edwards said. "In fact, it has been 14 years since Michigan's jobless rate has been below the national rate for even a single month."

Through November, both Michigan and the nation have the same 6.9 percent year-to-date unemployment rate average; down nearly two

percentage points from the state's 1992 average of 8.8 percent, Edwards added.

Employment in Michigan is growing at a faster pace than in the nation as a whole, Edwards said. Nationally, 1993 employment is up by 1.3 percent through November, less than half the state growth rate.

"Employment growth has occurred in many industries," Edwards noted, "although several sectors such as construction, retail trade and the service industries are leading the way with good increases over their year ago levels."

# Local superhero fights evil for glory of God

By Terry Wright

In a world of muscle-laden cartoon superheroes who pulverize doers of evil with violent weapons of mass destruction, all in the name of justice, a new and different hero has arisen right here in Northern Michigan.

He's "The Cardinal," and he fights injustice by practicing and teaching the word of God. Instead of pulverizing his foes, he forgives them. Instead of teaching violence, he teaches love.

The Cardinal is a non-denominational comic character created by Kurt Kolka, formerly of Grayling, now of Gaylord. Kolka describes the Cardinal as a very noble superhero committed to God's glory.

"When I was a little kid, it was a tradition in our family to spend time after church on Sunday afternoons reading the Sunday paper," Kolka said. "I learned to read the comic section at a very early age while sitting on my dad's lap. That started my love for comics. After that I began collecting them and I still have most of those early issues today."

The Cardinal was born out of a comic strip Kolka started in the school

**NORTHERN MICHIGAN'S FIRST SUPERHERO--The Cardinal uses his gift of flight to promote the glory of God.**

newspaper while a student at Concordia College. It continues today out of his home where Kolka writes and illustrates the entire comic himself. He is also able to print the comic himself at Central Printing Corp. where he maintains a full-time printing job.

"By doing all the work myself, I save a lot of sponsorship money," Kolka said.

The comic is eight pages, four of which are in full color.

The Cardinal is set in the fictional city of Arbor City, where the Cardinal character, Rich Benton, is a college student who has been blessed by God with the ability to fly. When danger and evil rear their ugly heads, Benton dons the red-caped disguise of The Cardinal and fly off to do God's work.

The fall 1993 issue says, "In this issue, the masked hero matches wits with the Scarlet Assassin, an international criminal, and searches

for a runaway in the violent slums of Arbor City. Equipped only with his flying ability and a bold faith in God, the Cardinal finds himself trapped in a burning building and up against armed thugs. Can a young, vulnerable hero survive in spite of heavy odds?"

Kolka's illustrations are based on superhero art forms used in the 1960s and 70s.

"Comic styles are very different today," he said. "My style reflects the old days in comic books. I use old comics for many of the poses I draw."

The Cardinal is published annually by Kolka as a non-profit publication, and is free of charge. It is supported through various Northern Michigan Christian based businesses and churches, including Mt. Hope Lutheran Church in Grayling.

Distribution of the comic has grown rapidly throughout Northern Michigan and has now spread to as far away as Charleston, Mo. It is also available at

many Christian book stores and is now featured through the Illinois-based Treasures Christian Book Club for children.

The Cardinal can be found in Crawford County at the Northend Grocery in Frederic and at Mary's Corner Book Swap in Grayling.

## TIMBER SALES DEPARTMENT OF NATURAL RESOURCES STATE OF MICHIGAN

Notice is hereby given that timber will be periodically offered for sale from state forest lands. Sales are conducted for the purposes of harvesting mature and overmature trees, responding to past or predicted insect and disease outbreaks, salvaging of fire-damaged trees, enhancing wildlife habitat and improving the growth and health of forest trees. All harvests are designed to promote full and prompt regeneration.

Prospective bidders interested in the purchase of offered timber may receive notice of the details of such sales by being placed on the mailing list for certain forest areas, districts, regions, or statewide. Bidders not already on such a list, and wishing to be added, may contact the Department of Natural Resources, Forest Management Division, P. O. Box 30028, Lansing, Michigan 48909, or their local Forest Area office.

## GHS yearbooks still on sale

The 1994 Grayling High School SAGA yearbook, "Picture This!" is on sale now until Valentine's Day for \$25, the same price as it was sold at last year.

Also, persons who order their yearbooks by Feb. 14 can have their names embossed in red foil on the front cover for an additional \$2.50.

To order a SAGA, bring a check or money order to Room 13 at GHS. If a name is to be embossed on the

cover, in the memo section of the check, include exactly how it should read.

There are still a few 1993 yearbooks waiting to be picked up by members of last year's graduating class.

Finally, there are a very few extra copies of the 1991, '92 and '93 SAGA yearbooks available, which also can be purchased in Room 13 — before or after school hours.

# Growth for 1994 at Grayling Glen's Market

By Dennis Mansfield  
Editor

Glen's Market in Grayling will feature something new for 1994 — 15,000 added square feet of space.

"The store itself, with the back room, was 32,000 square feet," said Bill Noeske, store director of the local supermarket. "We're going to be approximately 47,000 square feet."

"We felt all along that we have outgrown the size of our store. We wanted a bigger store to better serve customer needs, with wider aisles and other things," Noeske added.

Noeske said ground was broken on the expansion project in August, adding many people did not realize the store was due for renovation. The expansion will cost an estimated \$750,000, according to Glen's officials.

"I think it was one of the best kept expansion secrets," Noeske said. "Most of the work at first was out in the back. But once the ceiling tiles came down, it was like people said, 'wow.'"

Among the new attractions at Glen's will be a new full-service seafood department, a separate video rental department, a new pharmacy and two additional cash registers. Noeske said the expansion will allow for a greater variety of all types of products to be available.

"The expansion is pretty much enhancing all our departments," he said. "It's taking what we have, and expanding it for more variety and making it easier for the customer to shop."

Another possible area of expansion is in the number of employees. Noeske said he hopes to add to the

approximately 125 associates now employed at the store, which ranks Glen's as the fifth largest employer in Crawford County, according to the Grayling Regional Chamber of Commerce.

"I guess we hope the need is there to hire more people," he said.

Noeske said store officials hope to schedule a grand re-opening when the expansion is completed.

"We hope it [the expansion] will be completed by the end of March. That's kind of a rough date," Noeske said. "I don't really think a specific deadline has been set."

# Dawson's changes hands after 55 years of business

The keys to a Grayling landmark were recently handed to its new owners.

DeVere and Pauline Dawson, owners of Dawson's in downtown Grayling for the past 55 years, handed the keys to Russell Stevens of Columbus, Ohio, and his family on Dec. 31. Stevens will operate the local soda shop with the help of his wife, Martha, son, Stephen and his wife, Debra, and their daughter, Heather.

"My parents have been talking about finding a small soda shop to run," said Stephen Stevens. "That's always been their retirement dream."

Stevens said they plan to remodel the store to include a selection of bulk foods, such as different candies and dried fruits. Patrons will also be able to snack on homemade soups, breads and sandwiches, and light breakfast foods, according to Stevens.

One thing that will remain the same is the soda fountain and the 1950s atmosphere it brings to the store. The idea of owning the old-fashioned soda shop was one of the factors that lead the Stevens family to purchase Dawson's.

"We just fell in love with the building. It's one of the most unique buildings we've ever seen," Stevens said. "The soda fountain will stay as it is."

"We feel the 50s and 60s represent a happier, better time," he added.

The local business will be renamed "Steven's Family Circle." Stevens said he hopes remodeling will be completed in early March.

"We are very, very excited about coming to the community," Stevens said. "It's been a wonderful experience coming here."

**THE TRANSFER OF DAWSON'S IS FINAL**--DeVere and Pauline Dawson (R) have turned over the keys of their building to the new owners, the Stevens family. Pictured left to right are Heather, Debra, Russell, Stephan and Martha Stevens. In the center is Charlene Scheer of Century 21 Realty. Dawson's will reopen in March as the Steven's Family Circle and will feature a decoration scheme from the 1950's.

"...for even Satan disguises himself as an angel of light." Therefore it is not surprising if his servants also disguise themselves as servants of righteousness..."

"But false prophets also arose among the people, just as there will also be false teachers among you, who will secretly introduce destructive heresies, even denying the Master who bought them..." "beloved, do not believe every spirit, but test the spirits to see whether they are from God; because many false prophets have gone out into the world."

Jesus said, "I am the way, and the truth, and the life; no one comes to the Father, but through Me."

"Enter by the narrow gate; for the gate is wide, and the way is broad that leads to destruction, and many are those that enter by it." (Scripture quoted from the New American Standard Bible.)

## Mologianes is new director at R.S.V.P.

By Terry Wright

The Crawford County Retired Senior Volunteer Program (R.S.V.P.) has a new director. She is Gloria Mologianes, and she brings along a long time appreciation for senior citizens to her new position.

"Seniors are a big asset to the community," Mologianes said. "I'm very concerned with making sure they can maintain the lifestyles they want."

After growing up in Grayling, Mologianes moved to Wisconsin where she attended the University of Wisconsin. She and her family moved back to Grayling approximately eight years ago. Through those years, she has worked in various places related to seniors. Her most recent position was as a homemaker for the Crawford County Commission on Aging.

"I think I've found my niche," Mologianes said. "Seniors have a vast amount of knowledge and they're

thrilled to use it. I want to give them that opportunity."

Mologianes added one of her immediate goals is to develop a local bond between seniors and young people. She said she wants to accomplish that by bringing groups of young people into the Senior Center on a regular basis.

Another goal is to expand the RSVP program by recruiting more senior volunteers to work in more volunteer stations. Currently there are 60 active volunteers. Last year they donated almost 1,700 hours at 37 stations throughout Crawford County.

"Before we can expand, I need to get the RSVP program better known within the senior community. When that happens, we'll be able to recruit more volunteers," Mologianes added.

The RSVP offices are located within the Senior Citizens Center on Lawndale Street in Grayling.

**NEW DIRECTOR AT R.S.V.P.**--Gloria Mologianes was recently named as the new Executive Director of the Crawford County Retired Senior Volunteer Program.

## NEWS FROM THE AMERICAN CANCER SOCIETY

By Nancy Lemmen

Make 1994 the year you become acquainted with the American Cancer Society, a nationwide health organization dedicated to eliminating cancer as a major health problem by preventing cancer, saving lives from cancer and diminishing suffering from cancer through research, education and service.

The Crawford County Chapter of the American Cancer Society provides education on cancer-related topics to individuals and groups, special programs such as "Look Good, Feel Better," support groups and services such as mileage reimbursement.

The Crawford County unit is composed of volunteers from throughout the community. Several times during each year, the volunteers ask the community for your support of its important programs.

The first event of 1994 is "Crawford County's Most Wanted." Perhaps your name will be chosen for inclusion on the "most wanted" list. If so, you can assist the American Cancer Society by raising the "bail" set for you by the "judge."

Perhaps you are a friend, relative or associate of someone whose name appears on the list. Then you can make a small or large donation to help that "most wanted person" raise the necessary bail.

For additional information on the American Cancer Society's "Most Wanted" campaign, contact chairperson Julie Ginther at 348-2635.

For information about the services and programs provided by the Crawford County unit, contact education chairperson Betsey Mitchell at 348-6558.

## Optometrist adds space and services.

If people have their eyes open while traveling Michigan Avenue, they may have seen the expansion of another local business.

Dr. William Dean recently began work on expanding his optometric office, located next to Grayling Elementary, by approximately 1,000 square feet. Dean said the cost of the construction project is an estimated \$75,000.

"This building was old and needed a face lift," Dean said. "It will just give more room for expanded service."

"The majority of the new space will be for a larger optical showroom. We are also going to put in a lab," he added.

With added space and equipment, Dean said he will be able to offer same-day service for crafting lenses. Customers will be able to choose from approximately 1,000 frames,

compared to 500, once the expansion is completed.

The additional space could also bring an additional face to the local business, according to Dean. "I would like to bring in another doctor," he said, "maybe in a year, or maybe even this summer."

Dean said he may schedule an open house once the work is completed.

"We just started about two weeks ago," he said. "I'm sure it's going to take another two and a half months."

Dean has served Grayling and Crawford County area as a practicing optometrist for the past five years.

## THE INFLATION PROOF CD

**Finally,  
a 5 year CD  
that makes your  
rates jump.  
Not your nerves.**

If you want the security of a CD investment but have been too nervous to lock in at today's rates, you'll find Empire's new Inflation Proof CD very reassuring. Because it's the only CD that lets you raise your rate with the economy. In addition, Empire's Inflation Proof CD gives you:

- a guaranteed rate that never goes down
- the opportunity to raise your rate twice over 5 years if rates go up
- protection against inflation
- guaranteed returns
- security and full FDIC insurance

To open your Inflation Proof CD, all you need is a \$10,000 minimum investment. For more information, visit your nearest Empire Bank office soon. Because when it comes to investing in CDs, the only thing that should jump is your interest rate.

## Divine Absolutes vs Humanist Experiences

We concur with Rush Limbaugh that, "the Culture War" has competing worldviews: "On one side, you have people who believe in living by a set of divinely inspired moral absolutes... On the other side, you have people who insist that morality is simply a personal decision."

Quotes from a liberal fund raising letter expose the real goals of "the other side." Their stated mission: "Here at the American Humanist Association, we've made it a critical part of our mission—for over 52 years now—to oppose the ceaseless efforts of religious fundamentalists..." Branded with "fundamentalists" were "evangelical Christians and conservative Catholics" as well as "the religious and political right" in this "war" for the "soul of America."

Words used in their letter to describe us included, "extremists," "cynical," "hatefully," "regressive," "reactionaries," "hatemongering," "scurrilous," "homophobic,"

"absolutist," "intolerant," "invidious," and "unjust." They closed with an "international" appeal for "democratic pluralism and tolerance." The tolerant majority of pluralistic Americans profess to accept some diverse form of Judeo-Christian morality. A Times-Mirror poll of 1988 lists only 7.3 million Humanists. Where is their tolerance for us???

Their hated enemy is neither the religious or political right, but rather God and His divinely inspired absolutes. They boast among their principles: "Humanists reject all forms of belief in the supernatural, believing instead that human beings possess the power and the potential to solve their own problems... Humanists believe that ethics, morality, and values must be grounded in our experiences in this world and not in some supernatural world..." Are they fighting to push their atheism and relativity upon us all?

"The AHA has been at the forefront of groups fighting for progressive social and political change in America..." What is their appeal for support?

"...Help us combat the religious right and abolish a truly invidious and unjust policy of discrimination against our fellow Americans."

We quoted "the other side" from the AHA, May 1993 newsletter. Now we close with some divinely inspired absolutes from God: "The fool hath said in his heart, [There is] no God. They are corrupt, they have done abominable works, [there is] none that doeth good." (PSA 14:1). "Woe unto them that call evil good, and good evil; that put darkness for light and light for darkness; that put bitter for sweet, and sweet for bitter!" (ISA 5:20). And if it seem evil unto you to serve the LORD, choose you this day whom ye will serve..." Joshua 24:15a. (Americans still call this freedom of religion.)

## Beneath the Surface

In the book *The Quest* published by the Unity Movement Advisory Council, we read, "Much of the Old Testament is the story of the children of Israel, symbolic of us, in their struggle to find the Promised Land. Breaking their bondage to the Egyptians is our story as we struggle to break our bondage to our human shortcomings so that we can begin our journey into spirit. As did the Israelites, we, too, have wandered in the desert looking for our home. Our desert is the barren wasteland of our dead-end thinking which we stumble through as we look to reconnect with God." Mere knowledge of the literal text of the Bible has no power to bring us any closer to knowing God as a living Presence expressing through us. In viewing it merely intellectually, we miss the Bible's greatest messages: those spiritual lessons that lie camouflaged in its characters, events and symbols. For example, there is a verse in Luke 22:36 which reads, "And

the one who has no sword must sell his cloak and buy one." At the surface of literal interpretations this seems to support the concept of self defense and the bearing of arms. Yet, a few verses later Jesus rebukes his disciples for using their swords. "Those who live by the sword, will die by the sword." The truth lies beneath the surface.

In another teaching, Jesus spoke of the danger of "Putting a new patch on an old garment." He was saying that his teachings would never serve as a patch on an old, worn-out way of thinking. In another parable he tells a story of a person who finds an extremely valuable gem in a field and then sells everything he owns in order to purchase the field and thus take ownership of the gem. It becomes evident that the cloak Jesus is admonishing his disciples to sell is their old way of thinking. And the sword they are to purchase is the awareness of the movement of Spirit within their consciousness. When

Mary and Joseph took the baby Jesus to the temple for circumcision, a prophet by the name of Simeon took the child in his arms and said, "This child is destined for the falling and the rising of many... so that the inner thoughts of many will be revealed... and a sword will pierce your own soul too." In Hebrews 4:12 it is written, "The word of God is living and active, sharper than any two-edged sword... it is able to judge the thoughts and intentions of the heart."

Until we become willing to go beneath the surface of the Bible or the events of our lives, we have no "ears to hear" and fail to encounter the Truth that we have always known.

"A Different Way of Seeing" is a paid advertisement. The opinions expressed are the sole responsibility of Reverend Terry L. Dickinson and The Unity Study Group of Grayling.

### ONE MORE APPOINTMENT

That's right. You know what's coming... "Are you caught in the same old grind?" Granted, the phrase is a bit trite, yet that "trapped sensation" affects so many of us each day that it is worthy of note.

Why not make one more appointment? "One more appointment?" you say. "I have too many now. That's my problem!"

There is an appointment available that can change your life. A regular visit to God's house each Sabbath will sustain you with the strength and the fresh focus to ease those daily pressures... to function most effectively and efficiently. It will be the most positive commitment of a lifetime!

## VERSE OR WORSE

By Joe Murphy

### It's Wintertime

Both snow and temperature came tumbling down  
Letting us know that winter had come to town  
Snow just keeps piling up outside our door  
It's an old time winter we are facing for sure

Still we had those nice warm December days  
Which took us into winter quite always  
It's not very often winter comes so late  
Now it is really crashing through the gate

But now that I'm retired, winter doesn't hold  
The winning hand with it's snow and cold  
For if I want I can stay by the fire  
Or go out in the cold if I so desire

There's no one to tell me I must go  
And freeze my butt in the cold and snow  
I can sit warm by the fire with a good book  
Without even giving the storm a look

I can spend those days on a south seas isle  
Warmed by a dusky maiden's smile  
Or stroll along a warm and sandy beach  
Anywhere I wish to go is within my reach

For a good book allows me to roam at will  
From deepest valley to highest hill  
Through field of flowers, grass or clover  
For books let me be the carefree rover

So come on winter do your thing  
While I sit and dream of days of spring  
Your days are numbered you're doomed to die  
When the warming sun climbs in the sky

**HUSKY/SHEPHERD NEEDS A HOME--**This female husky/shepherd mix is housebroken, has a good temperament, and is about one and a half years old. She and many other dogs and cats are seeking adoption from the animal shelter. Stop by or give them a call at 348-4117.

## PET CARE TIPS

Remove ice, salt and caked mud from your pet's paws and coat at once. Contact your veterinarian immediately if you suspect your pet has frostbite. Frostbitten skin may turn reddish, white or grey, and it may be scaly or sloughing.

## Vikings ramble over rated Ramblers with 78-56 victory

### Rival Gaylord Blue Devils next

By Terry Wright  
staff writer

Returning to the court after a 17 day Christmas layoff, the Grayling High School boys' varsity basketball team took up right where it left off with a convincing 78-56 victory over the Boyne City Ramblers.

The Vikings have shown little mercy in devastating its first four opponents in preparation for Tuesday's rivalry shoot-out with the Gaylord Blue Devils.

Boyne City, undefeated in its first four games, ranked sixth in state Class-Crankings until the Vikings took them

to task. Grayling dominated in every category, with senior Kris Andersen leading the scoring attack by pumping in 31 points. Andersen's four game scoring average now stands at a little more than 27 points per game.

Andersen was named Viking Player of the Week for his four game point production.

Viking Head Coach Tom Mills said, "It was a very up tempo game for us. We put a lot of half court pressure on them which caused some turnovers. We moved the ball very well on offense."

Juniors Ben Croze and Shane Hinkle

added 14 and 13 points, respectively. On the boards, Croze led the team with seven rebounds.

Senior Chris Wolcott added seven assists and Hinkle had eight steals.

"I was especially pleased with the performance of senior Jeff Mier," Mills said. "He had an outstanding game. He's a great kid to coach."

Mills reported the Vikings shot 51 percent from the field, but free-throw shooting dropped to a season low of 58 percent.

"I was very happy with local fan support," Mills added. "A lot of people

travelled through some bad weather to watch us play. We really appreciate it."

Looking toward the Gaylord game, Mills said, "When we play Gaylord, we throw out the records and go at it because anything can happen."

After Gaylord, the Vikings get back into division play when they travel to Alcona on Friday. Last year, Grayling and Alcona shared the conference division title.

"Alcona is a big game for us," Mills said. "And they're tough again this year."

## Wrestlers place third at Gladwin

### Kernstock, Weaver perfect 12-0

By Terry Wright  
staff writer

Senior Viking wrestlers Jerry Weaver (152 pound class) and Brent Kernstock (189) continued their domination of competition by winning championships at the Gladwin Invitational wrestling meet.

The pair waded through the competition from ten other schools, earning perfect 12-0 records.

The Vikings as a team scored 148 points, finishing third behind St. Louis, who scored 165.5 points, and host Gladwin who won the tournament with 183 points.

"This was a good tournament," Coach Don Ferguson said. "We just needed to get a few more points. Kernstock and Weaver are right on track to get them to state."

Finishing second overall for the

Vikings were senior Brian Robinson (145), and juniors Andy Langowski (HW) and Tom Oberg (119).

Junior Lowell Bindschattel (140) and sophomore Steve McEvers (112) finished third. Freshman Jason Hall (135) finished fourth overall.

Also scoring points for the Vikings were sophomore Brett Hopp (130) and freshman Monte Malone (125).

"We have a hard tournament in Oscoda this weekend," Ferguson said. "There will be a lot of downstate schools there. We'll find out just how good we are."

The Vikings next test will come at Charlevoix on Thursday, Jan. 13, in a dual meet with Charlevoix and Onaway. They will travel to Oscoda on Saturday, Jan. 15.

## GRAYLING \* Holiday Inn Viking Of The Week

**Kris Andersen**

This senior basketball standout was chosen for leading his team to four straight victories with a 27 point scoring average.

**MIER GOES UP FOR THE JUMPER**--Viking senior Jeff Mier jumps high above his teammates and Boyne City competitors to shoot this jump shot. The Vikings downed previously unbeaten Boyne City 78-56 to maintain a perfect 4-0 record.

**GHS MATMEN HARD AT WORK**--GHS wrestling coach Don Ferguson watches as two of his varsity wrestlers work out during a recent practice session.

## JV boys lose to Boyne 56-45

By Terry Wright  
staff writer

The Grayling Viking boys' junior varsity basketball team dropped its last game on Tuesday, Jan. 4, to the junior Boyne City Ramblers, 56-45.

The Vikings got off to a slow start, scoring only four points the first quarter and two points the second. At halftime the Vikings trailed the Ramblers by 21 points.

"We had good shots," Coach Butch Hayes said, "but the ball just wouldn't go through the net."

In the second half, the Vikings started the long road back into the game, outscoring the Ramblers 39-29, but the clock was not on the Vikings' side.

"It's hard to spot a team 21 points in their gym and come back," Hayes said. "We did a nice job the second half putting pressure on the ball and scoring points to make the game respectable."

Leading the Viking scoring attack were Scott Hartman with 16 points, Corey Northrop and Jason Thompson with nine points each. Chris Kucharek

added six points, and Joe Godlewski five.

Godlewski lead the Viking rebounders with six. Thompson and Northrop each added four rebounds. Kucharek had four assists and Hartman three.

The junior Vikings travel to Alcona to face the Tigers on Friday, Jan. 14.

The Grayling freshmen boys' basketball team dropped a close game 59-53, at home on Wednesday, Jan. 5, to the Roscommon Bucks.

The Vikings led at the half, 27-24, but in the final period the top three Grayling guards fouled out, allowing the Bucks to take control of the game.

Coach Dave Larkin said, "We made only eight of 19 freethrows. That was the difference in the game. We also need to cut down our turnovers and fouls. We've had far too many this year."

Eddy Baynham led all scorers with 19 points. Shane Youngblood added 11 points.

The freshmen next play at home against the Charlevoix Red Raydars on Thursday, Jan. 13, then host the Whittemore-Prescott Cardinals on Monday, Jan. 17.

## Viking skiers open season at Boyne

By Terry Wright  
staff writer

The Grayling High School Viking skiers hosted a three-way ski meet at Sylvan Resort with Charlevoix and Bellaire on Thursday, Jan. 6.

Charlevoix won the meet with 29 points, placing first in both slalom and giant-slalom. Grayling was second with 55 points, placing second in both events, and Bellaire finished third in both with 91 points.

The top finishers for the Grayling girls were senior Jennie Evans who finished fourth in the slalom and third in giant-slalom. Senior Jessica McClain finished sixth in slalom and 11th in giant-slalom, sophomore Jessica Wyss placed 11th in slalom and 12th in giant-slalom. Junior Erin Welke finished fourth in giant-slalom, and freshman Mandy Wilson placed 15th in giant-slalom.

Senior McKenzie Kelly placed 12th in slalom and freshman Jennifer Jurkovich placed 15th in slalom.

In boys competition, senior Mike Hartman placed second in both slalom and giant-slalom. Senior Jon Noteware placed fifth in slalom and seventh in giant-slalom. Sophomore Ryan Schlehuber finished 10th in slalom

and 4th in giant-slalom, junior Pete Radzwion finished 13th in both.

Freshman Travis Hopp finished 12th in slalom with junior Nick Stancil finishing 15th. Sophomore Ben Labo placed 14th in giant-slalom.

On Monday, Jan. 3, the Vikings skiers traveled to Boyne Highlands to participate in an invitational ski meet with nine other teams.

The Viking boys finished eighth overall and the Viking girls placed tenth.

Grayling Coach Mike Wieland said, "The elite of high school skiers were there. Six out of the ten teams were ranked in the state's top ten. We definitely were out of our ability group as far as teams go."

Out of 60 skiers, the top individual Viking boys racers were Noteware,

who finished 11th in slalom and 30th in giant-slalom, Hartman who finished the slalom 42nd, after falling on the course, but placed 19th in giant-slalom, Stancil finished 40th in slalom and Radzwion finished 41st.

Schlehuber was disqualified in slalom, but finished 39th in giant-slalom. Freshman Jason Steele placed 54th in giant-slalom and junior Tom Mason finished 56th in giant-slalom.

The girls were again led by Evans who placed 37th in slalom and 41st in giant-slalom, and Welke who placed 41st in slalom and 34th in giant-slalom.

Other girls finishing were McClain, 45th in slalom, Wyss, 48th in slalom, and Jurkovich, 55th in slalom.

The Vikings next meet is Wednesday, Jan. 12, at Boyne Mountain, in Boyne Falls.

## Wieland named coach of year

By Nancy Lemmen

Grayling High School veteran ski coach Mike Wieland was honored by colleagues throughout the state with his selection as the 1993 Skiing Coach of the Year.

The Michigan High School Coaches Association (M.H.S.C.A.) honored 22 coaches from every high school sport at its annual banquet on November 27 at the Silverdome in Pontiac, during the high school football finals. Wieland received his ski coach award from Jack Johnson, executive director of the association.

Bentley Laser, GHS athletic director, attended the ceremony with Wieland, wife Elizabeth and daughter Jeannette.

"He has given as much to the sport of skiing as anyone in the state and it's an honor to have him on the staff," said Laser. "It's about time he was honored, especially when you consider all the offices he has held, the kids he's coached and the successes of his teams. Not only has he coached here, but works at Sylvan and takes kids out West to ski every spring."

Wieland, who has been the GHS ski coach for 29 years, said the awards are not based on the coaches' win-loss records as much as their contributions to the sports in which they are active.

"Without the cooperation of the school and community, I wouldn't have had the opportunity to be as active as I've been. It's not just an award for an individual. It's an award for a program."

Nevertheless, through his years of continued on page A16

## Hunting & Fishing Weekly Update

### Where they're catching...

Lake Margrethe is starting to produce some fair catches of northern pike, which, by the way, must now be 24" to keep. Some real good catches of perch and walleye are coming out of Otsego Lake south of Gaylord.

### What they're biting...

Live minnows on tip-ups are the best way to catch the northern pike. Those that are set up for it are spearing with some success. Rumor has it that walleye fishermen are getting some fish in the evening, jigging with some kinds of lures.

## Skiing coach of year

continued from page A12

contributions at the local and state levels, Wieland has proven his dedication to the sport of skiing.

He was one of the original inductees in the Michigan High School Ski Coaches Hall of Fame in 1989.

He served as the president of the Michigan High School Ski Coaches Association (M.H.S.S.C.A.) in 1990-91 and was its vice-president in 1989-90. Prior to that, he served as the association secretary.

GHS ski teams have won 13 league championships and one regional championship and have placed in the state finals four times. There have also been two individual state champions from Grayling.

Wieland is presently serving on the M.H.S.S.C.A. all-state selection committee and is chairperson of the rules committee.

He is a past board member of the Lower Peninsula High School Ski Committee, served as that group's secretary/treasurer in the 1970s and was a member of the *Detroit News* all-state high school selection committee throughout the 1960s and '70s.

He has been a meet manager for 11 high school regional ski meets and a member of the Professional Ski Instructors Association of America for 25 years; he serves as a board member of the Grayling Recreational Authority; and since 1960 has been an instructor at Sylvan Resort, where he has run the NASTAR races for eight years.

"I have been active in order to get things done and changed and to make conditions better," said Wieland about his nearly 30 years of association with high school skiing. "But I haven't done it alone. I couldn't have done it without the cooperation of my wife Beth and my children when they were in high school." (All three Wieland children — Joe, Jeannette and Sheri — competed under their father on the GHS ski team.)

He also thanked "the parents and competitors who have gone through the GHS ski program. They have been instrumental in working at regional meets. We have had great secretarial help for years and years from Carole Gust and meet referee help at almost all the regionals from John Huss and Kent Reynolds."

Wieland has been a science and physical education instructor at GHS

since 1965. He graduated from Central Michigan University with a bachelor of science degree that included a biology major and physical education minor. He has earned graduate hours in outdoor education and recreation. He is a board member of the Crawford County Chapter of the American Red Cross and is the high school blood bank coordinator.
